

Privacy Policy

Last updated: 4 February 2026

1. General Provisions

This Privacy Policy describes how data is handled in mobile applications developed and published by Sergei Saliukov (hereinafter referred to as the Developer).

This Policy applies to all applications listed in Section 3, unless otherwise explicitly stated.

2. Data Collection and Processing

2.1 Bisquit.Host

The Bisquit.Host application does collect and process data in accordance with a separate [Privacy Policy](#).

All questions regarding data collection, processing, storage, and protection for Bisquit.Host are governed exclusively by that separate policy.

2.2 Other Applications

All other applications developed and published by the Developer do not collect, process, store, or transmit any personal data.

These applications do not require user accounts, do not use analytics or tracking systems, and do not transmit user-identifiable information to third parties.

The applications provide access to informational or reference data obtained from publicly available sources and/or sources accessible to a wide range of users.

3. List of Applications Covered by This Policy

This Policy applies to the following applications:
